Profile

Junior Software Developer with practical experience building responsive, user-focused web applications using Python, JavaScript, React.js, Node.js, and MongoDB. Passionate about clean, efficient code and improving user experience. Open to relocate.

Professional Experience

Backend Manager, Straight Gate Publishers 03/2024 – 06/2024 | Ibadan, nigeria

- Managed backend website operations, including database updates, API integrations, and backend performance tuning.
- Collaborated with cross-functional teams to develop responsive, user-friendly websites.
- Used tools like Git and Postman to support backend development and API testing.

Web Development intern, The EOC 2022 – 2023 | lagos, Nigeria

- Contributed to the development of responsive websites using HTML, CSS, and JavaScript.
- Collaborated with the design team to implement user-friendly interfaces.
- Executed security audits and deployed best practices to fortify cybersecurity measures.

Education

Bachelor of Science in Computer Science, 2021 – 01/2025 | Ogbomoso, Nigeria
Ladoke Akintola University of Technology

Skills

Programming Languages
Python, JavaScript, HTML, CSS

Backend
Node.js, Express.js

Tools
Git, GitHub, VS Code, Postman

Problem-Solving
Strong analytical and troubleshooting skills

Frontend
React.js

Database
MongoDB, SQL

Others
UI/UX Design, Cybersecurity basics, Cloud computing fundamentals

Projects

Task Manager Web App
Built a responsive task management web application using React.js, Node.js, Express.js, and MongoDB. Implemented user authentication, CRUD operations, and RESTful APIs. Deployed on Heroku with continuous integration using GitHub.

Portfolio Website
Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects and skills. Integrated GitHub and LinkedIn links and optimized for mobile devices.

Certificates

Introduction to Cloud Computing

This course equipped me with a deep understanding of cloud computing fundamentals, including cloud deployment models, virtualization, scalability, and cloud services. Through hands-on assignments and practical exercises, I gained invaluable insights into applying cloud computing concepts to modern IT infrastructure.

Diploma in Ethical hacking

Acquired expertise in identifying common cybersecurity threats and vulnerabilities. Proficient in conducting ethical hacking assessments and penetration tests. Skilled in utilizing relevant tools and techniques for ethical hacking. Well-versed in implementing best practices for securing networks and systems.

Web Development With HTML, CSS, Javascript Essential

Demonstrated mastery of HTML, CSS, and JavaScript fundamentals. Proven ability to develop responsive and interactive web pages. Extensive hands-on experience in executing web development projects.

Mobile Application Development

Thorough understanding of mobile application development principles. Demonstrated expertise in UI/UX design for mobile applications. Proficient in implementing best practices for mobile app testing and deployment.
